

Improve your AI skills with the **Intelligent by Design: Build an AI Agent** programme

Application level | 4-week
Guided Learning Experience (GLE)

Enrollment window: Nov 10th – Nov 28th 2025
Course start: Dec 1st 2025

Enroll at: <https://ibm.biz/KSA-GLEQ425AIA-KSU>

OR SCAN TO ENROLL

Upon completion, learners can expect to:

- Understand the foundational principles of artificial intelligence
- Gain hands-on experience in building an AI agent
- Participate in a structured, instructor-supported learning journey
- Join a community of learners and professionals through the IBM SkillsBuild platform
- Earn a Digital Credential and IBM Certificate

Overview

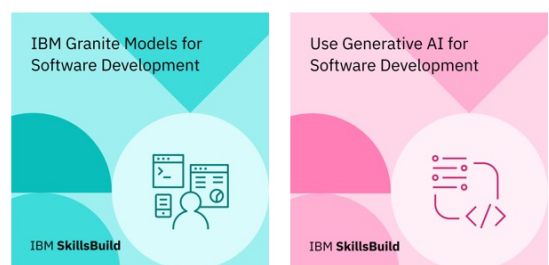

This Guided Learning Experience (GLE) is a cohort-based training course for adult learners. It combines self-paced IBM SkillsBuild content with live virtual sessions and career guidance. The program is designed to help you build an AI agent while gaining practical knowledge and exposure to real-world applications of artificial intelligence.

Acquire essential skills, such as:

- Building an AI agent using IBM SkillsBuild resources
- Applying AI concepts in practical scenarios
- Engaging in collaborative learning through live sessions
- Navigating career pathways in AI and technology

Earn IBM SkillsBuild Digital Stickers and an IBM Certificate

Learners who successfully complete the GLE receive two IBM SkillsBuild Digital Stickers and an IBM SkillsBuild Certificate.

Note: By registering for this program, you acknowledge that SkillUp Online, a training delivery vendor of IBM SkillsBuild, will process your data and contact you in relation to your participation in this program. Additionally, SkillUp Online may contact you regarding other IBM SkillsBuild educational activities. Please allow 2 business days to receive your IBM SkillsBuild program registration confirmation email. To ensure you receive program updates, add ibmskilldbuild.emea@skillup.online to your email contacts or safe list.
